

RUST PREVENTIVE OIL

Rust Preventive Oil Series have been manufactured specially to protect steel parts from rusting when stored inside the warehouse. It is also used for rust protection of external surface of all types of equipment including engines, compressors and hydraulic systems. It contains a robust antirust additive system that passivates surface activation and prolongs metal integrity.

BENEFITS

- Exceptional salt spray protection.
- Humidity Cabinet protection.
- Excellent Water-displacing.
- Free of barium and other heavy metal.

APPLICATIONS

Rust Preventive Oil designed for application in petroleum solvent .This oil is free of barium and other Heavy metals. This oil is capable of depositing thin, Waxy films that provide exceptional protection on ferrous metal surfaces when exposed to corrosive atmosphere.

PRODUCT CHARACTERISTICS

PROPERTIES	UNITS	VALUE	TEST METHOD
SERIES	-	22	-
Specific Gravity @ 15 °C	-	0.8603	ASTM D-4052
Viscosity @ 40 °C	mm ² /s	22.43	ASTM D-445
Viscosity @ 100 °C	mm ² /s	4.44	ASTM D-445
Viscosity Index	-	108	ASTM D-2270
Flash Point, COC	°C	210	ASTM D-92
Base Number	mg KOH/g	9.8	ASTM D-2896
Color	-	L 0.5	ASTM D-1500
Product Code		577042	-
